

This is the
point where
you stop
worrying
about auto
insurance.

Welcome to Integrity Insurance.

With a PinPoint Auto[®] policy from Integrity, you'll get the reliable coverage you're looking for. And because you choose the options you need, your coverage is never too much and never too little. You'll always get a reasonable price, and you may even qualify for discounts based on everything from how you pay to how you drive.

Plus it's all backed by Integrity. We've been helping protect our customers' peace of mind for over 80 years.

Here's what we start with:

Collision

We'll pay for damage to your vehicle if it's involved in an automobile accident.

Other Than Collision

We'll pay for repairs if your vehicle is damaged by something other than a collision. That includes things like fire, hail, vandalism, theft, earthquakes, and impacts with animals.

Bodily Injury Liability

We'll protect you from the cost of injury to others.

Property Damage Liability

We'll protect you from the cost of damage to others' physical property.

Personal Injury Protection

We'll cover expenses for the treatment of injuries to you or your family, while occupying a motor vehicle. Family members are also covered as pedestrians.

Uninsured and Underinsured Motorists

With us, you're covered against injury caused in an automobile accident where the at-fault driver has no liability coverage or if the cost of your injuries exceeds the other driver's maximum liability limit.

Coverages described above may not be available in all states. Please contact a local independent Integrity agent for complete details on coverages and discounts. If the policy coverage descriptions herein conflict with the language in the policy, the language in the policy applies.

And then we can add on.

Integrity's PinPoint Auto policy has many options to choose from. Here are a few of our favorites:

Mobile Devices

We'll provide up to \$1,000 coverage for smartphones, tablets, iPods, MP3 players, and accessories if they're damaged while in or on your vehicle.

Identity Theft

If your identity is stolen because of auto theft or improper use of credit records, we'll cover costs to repair the damage it caused.

Loan or Lease Gap

If your car is a total loss, we'll cover the difference between what you still owe on your loan or lease and its actual cash value.

New Auto Replacement Cost

We'll replace your vehicle (two years old or less) if it's totaled due to a covered loss.

Original Parts Replacement

We'll replace parts damaged in a covered loss with original manufacturer parts when available.

Pet Injury

We know your pets are a big part of your family. Now they're covered in case of an accident, too.

Personal Effects

We'll pay for damages to personal items carried in a camping trailer, travel trailer, or motor home. In the case of theft, a \$50-per-item deductible applies.

Rental Reimbursement and Transportation Expense

We'll reimburse you for rental car and transportation expenses caused by a covered incident. We offer various limit options and loss of use is included.

Towing and Labor

We'll pay for the cost of services if you have a road emergency, including mechanical labor, towing, locksmith fees, lodging, and airbag replacement coverage.
